

## THE SOCIETY

The East Anglia Transport Museum Society is a company limited by guarantee which runs the Museum. It was formed from a local transport group four decades ago. We now own the museum site and adjacent house in Chapel Road. Members have the opportunity of participating in all aspects of Museum development.

There is scope for the individuals to make a great contribution, from general construction work, road making and gardening, helping with the Museum's bookshop and cafe to general administrative work – something for everyone in fact! In the summer months we also need people to operate the Museum such as driving and conducting as well as train crew for the railway.

We publish an illustrated colour quarterly newsletter to keep members in touch with Museum progress and Society business. During the winter months, when the Museum is closed to the public, work on improving the structure and exhibits is undertaken during organised working sessions.

The Society is a registered charity and almost all income is put to use in development of the Museum, the remainder going on publicity, postage etc.

Members who cannot attend the Museum are very welcome, for their financial

contribution – not to mention their moral support – is of invaluable assistance. Membership of the EATMS offers an opportunity to participate in the development of a unique Museum which is of great leisure and educational benefit, not only now but for many generations to come.

Members are entitled to free admission to the Museum. We cannot offer you very much except satisfaction at seeing many of our tasks completed as well as a friendly working (and sociable) atmosphere. We do hope, however, that you can offer us a lot, in the shape of your labours (as outlined above) or just your moral support.

If you would like to join us in our work, please complete the form overleaf and send it to the Membership Secretary at the address shown. We look forward to welcoming you as a member.

*If you are a UK tax payer, please tick the box overleaf and we can reclaim money through the Gift Aid system! For every £1.00 you give in subscription or donation we can currently claim back a further 25p!*

### FOR OFFICIAL USE

When application submitted at Museum Admission gate.

# ARE YOU ENJOYING YOUR VISIT?

Would you like to help us?

Then  
**READ ON!**

The Society is always looking forward, towards increasing its membership.

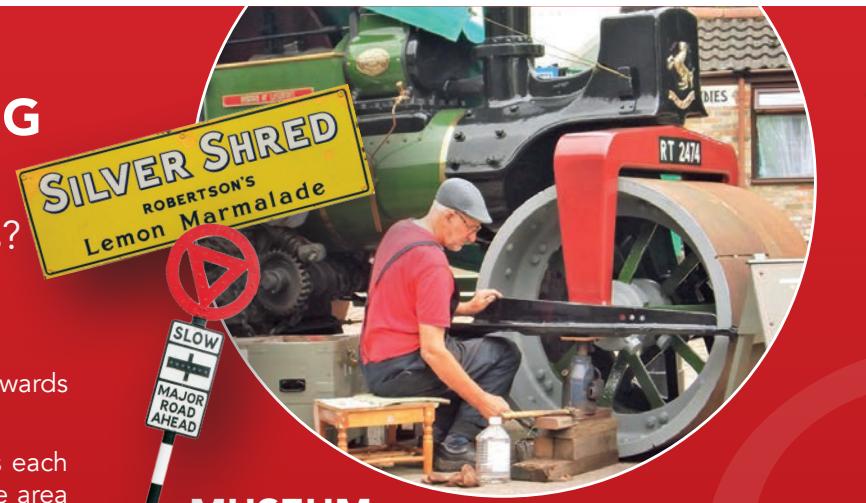

If you join in regularly or just a few times each year – or even if you are on holiday in the area – then you could play a very useful part, and would be most welcome.

Hopefully we can make use of any specialised talents you have or just cater for those with ambitions to punch tickets or the like.

Members who cannot participate as often as they would like can still keep updated with developments by reading the newsletter we send out four times a year.

If you would like to join us, then please complete and sign the application form in on this leaflets and send it, with your subscription, to: The Membership Secretary, East Anglia Transport Museum, 29 Tiverton Road, Potters Bar, Hertfordshire EN6 5HY

Or hand it in with payment at the Museum Admission Gate.

## MUSEUM

The East Anglia Transport Museum was founded on its Carlton Colville site in 1965 and opened its doors to the public in 1972. The original aim was to preserve and display items of purely local transport interest, but this was soon widened, and today the Museum houses transport items which are nationwide in origin. It is a live working Museum where members of the public can, not only see, but also travel on the vehicles of yesteryear.

The Museum is unique in Great Britain in bringing together a working collection of vehicles from all fields of transport, whether they are powered by petrol, diesel, steam, electricity or even the horse. There are at present over forty exhibits including cars, commercial vehicles, motor buses, trolley buses, trams and municipal vehicles such as tower wagons and a steam roller. Many vehicles date from before the last war and the aim remains to fully restore all of them and to bring into working condition those which are, at present, non-runners.

In order to display the vehicles in their historical context we aim to surround them with a street scene of the pre-war era. In addition to all of this, there is a narrow gauge railway which, as well as containing many railway items of historic interest, provides an additional attraction and is particularly popular with younger visitors.

In recent years we have expanded our smaller exhibit collection, including displays on tickets, destination blinds and other ephemera.
