A museum that's on the move...

...where there's so much to see and do that you'll want to stay all day.

Whether you take a ride on the woodland tramway, experience the silence and comfort of the trolleybus service, or meander lazily on board our narrow gauge railway, there's a new discovery to be made every minute.

Or why not soak up the atmosphere of the museum with a walk through our street scene - complete with authentic street furniture - or spend a quiet afternoon with a picnic or a book relaxing in our very own park area, enjoying the sights and sounds of the past.

experience the 'silent service' aboard an electric trolleybus

To make sure everyone can join in the fun, many museum buildings have been made wheelchair or pushchair accessible, we have an accessible tram and train (subject to availability) and both baby changing and disabled toilet facilities.

head to Chapel Road Station...home of the 2ft gauge **East Suffolk Light Railway**

And when you're ready for a break from the excitement, why not relax with a drink, snack or light lunch in the Terminus Tearooms or browse in the well stocked gift shop!
